.edito

Beyond economic profit, at MDM Hasnaoui, we aim to meet the challenge of industrializing the national economy, create a favorable environment for innovation, and be a socially committed company. Our central challenge is to manufacture high-quality Algerian products that can rival European ones, mobilizing all our efforts to achieve these objectives. This includes our employees' commitment to continuous learning, our company policy that allocates resources to meet this challenge, and our group vision of becoming the Algerian leader in the construction market.

MDM is steadily positioning itself as the brand that enhances the beauty of our customers' homes.

Mohamed Ali BELABBAS

A specialist in the manufacturing, marketing, and installation of doors, kitchens, wardrobes, and wall cladding, MDM Hasnaoui Spa places customer expectations at the core of its strategies.

With **50 years of expertise** from the Hasnaoui Group and input from international partners, MDM offers a wide range of wood-based products designed to enhance your interiors.

Thanks to cutting-edge industrial equipment and highly skilled personnel, we offer high-quality products at competitive prices.

Whether private individuals or corporate clients, our customers will find in us a
reliable partner for their construction and interior design projects.

ENTRANCE DOORS

Door Entrance

Technical Features / Functionality

Our Entrance Door stands out with its modern and elegant appearance. Thanks to its **melamine MDF finish**, it features a smooth and uniform surface that offers a refined visual appeal and fits perfectly with various interior styles. The melamine coating also adds a touch of sophistication while being easy to maintain. Moreover, the simplicity of its design and the robustness of its materials enhance its premium character, creating a warm and welcoming atmosphere from the very first glance.

KITCHENS

CUISINES

SAHARA

Discover our Sahara kitchen, where timeless elegance meets **refined finishes**. Its melamine finish offers a look that is both **modern and easy to maintain**. Carefully integrated lighting highlights every detail with subtlety. Designed for intuitive use, this kitchen features a **handle-based opening system**, ensuring comfort and convenience in everyday use.

SAHARA

Technical Features / Functionality

Designed to combine durability and innovation, the Sahara kitchen is equipped with **water-resistant carcasses** for optimal longevity. Its **Blum hardware** ensures exceptional quality and smooth functionality.
For storage, it includes smart accessories such as a **bottle holder, double pot drawers, an English-style drawer**, an **HKXS system**, **a magic corner, and a built-in oven and microwave column.** With its refined design and clever layout, the Sahara kitchen blends aesthetics and functionality for a cooking experience without compromise.

Materials

Superpan (MDF + Particleboard) **18** mm

To make use of typically unused corner space, consider our “Magic Corner” solution.

Couleurs

Sahara

Gris GU

Optimize your space with this oven/microwave column, combining practicality and storage. Everything within reach for a kitchen that is as functional as it is elegant!

TERRACOTTA

Discover our Terracotta kitchen, where warmth and authenticity are expressed through refined textures. Its **Technical Matt and laminated finish** offers exceptional resistance to smudges and scratches, ensuring long-lasting aesthetics. Integrated **LED lighting** in the column subtly highlights every detail, creating an atmosphere that is both modern and inviting. The combination of warm tones and innovative materials gives this kitchen a unique and timeless character.

Terracotta

Technical Features / Functionality

Combining elegance and efficiency, the Terracotta kitchen stands out with its **22 mm panels** that are **resistant to smudges and scratches**, along with **water-resistant carcasses** that ensure excellent durability. Equipped with **BLUM hardware**, it offers optimal ease of use. Its **smart accessories** — including a bottle holder, double pot drawers, and a coffee corner — maximize storage. In terms of ergonomics, the **Tip-On system** for upper units and the **GOLA system** for lower units ensure smooth opening and a clean, minimalist design. The Terracotta kitchen blends aesthetics and functionality to create a warm and practical everyday space.et

Materials

Superpan (MDF + Particleboard) **18** mm | **22** mm

Keep your oil and condiment bottles within easy reach with this cleverly placed bottle holder.
